

Wireless Services

Admin has contracted with qualified vendors to provide efficient, cost-effective wireless services. Such services include cellular telephone services and equipment, and cellular data services and equipment. Agencies should contact the vendor directly to purchase available services. Agencies should contact the vendor directly for any service or billing-related issues. Admin manages the contract and will assist agencies if there is a contract-related issue with the vendor.

Admin awarded State Term Contracts to the vendors listed below for wireless services.
